**ATTENTION:**

The 2019 editions of the 7 volumes of *Canadian Tide and Current Tables* publications are now available. At this time we would like to advise of a minor misprint occurring on the back cover of each publication with the year 2018, rather than the year 2019 which occurs on the front covers and throughout the publications. For all users of our publications these volumes are the official *Canadian Tide and Current Table* publications for 2019 and we deeply regret in advance, any confusion the lone 2018 reference on the back cover may cause.

The monthly Notice to All Dealers is now available online at [www.charts.gc.ca](http://www.charts.gc.ca), under "Most Requested".

The following products are scheduled to be released in the near future
